

# Tomorrow's Architects: ARB consultation on education and training reforms

## Consultation questions February 2023

In addition to some questions about the respondent, so we can review the demographics and stakeholder groups covered by our consultation, we ask the following questions about our proposals. All questions below are optional to complete, so respondents can focus on areas that matter to them.

### **New Regulatory Framework**

13. To what extent do you agree that ARB's proposed regulatory framework will meet our aim and help to achieve our vision?

*Multiple choice with optional written response*

### **Professional practical experience**

14. To what extent do you agree with ARB's proposal to no longer require a minimum duration of practical experience?

*Multiple choice with optional written response*

### **Competency Outcomes**

15. To what extent do you agree that each competency area accurately reflects the skills, knowledge, experience and behaviours someone must demonstrate in order to practise as an architect?

*Multiple choice with optional written response*

16. Is there anything missing from our draft outcomes?

*Written response*

### **Standards for learning providers**

17. To what extent do you agree that each standard will deliver ARB's aims?

*Multiple choice with optional written response*

18. Is there anything in our draft standards that you particularly like or dislike, could be improved, or is missing?

*Written response*

# Tomorrow's Architects: ARB consultation on education and training reforms

## Consultation questions February 2023

### General Rules and Accreditation Committee Rules

19. Do you have any suggestions about how we can improve the draft rules?

*Written response*

### Transitioning to the new framework

20. Are there any risks or opportunities you would like to raise about our implementation date for the new framework?

*Written response*

21. Is there any additional guidance you would like ARB to provide?

*Written response*

### Inclusivity of the proposals

22. To what extent do you agree that our proposals will help to widen access to the profession?

*Multiple choice*

23. To what extent do you agree that our proposals will help strengthen oversight of learning providers to create a better learning environment for students?

*Multiple choice*

24. Is there any feedback you wish to give about a positive or negative impact on equality, diversity and inclusion within our proposals?

*Written response*
